

# Ferrnsol™ Welding Anti-Spatter

## P R O D U C T      D A T A

### DESCRIPTION

**Ferrnsol Welding Anti-spatter** is a water based formula designed to prevent the adhesion of welding spatter. It provides a protective coating to help aid with removal of weld spatter and helps keep welding tips and nozzles clean.

### USES

- Use on welding area surfaces where weld spatter could be a problem
- Excellent choice for use in automatic spray equipment or handheld spray bottles

### ADVANTAGES

- Eliminates spatters on welding equipment
- Reduces downtime with easy clean-up
- Improves weld quality
- Increases tool life
- Phosphate-free
- Silicone-free

### DIRECTIONS

Make sure working surface is clean and dry. Spray a thin layer of Ferrnsol Welding Anti-Spatter onto work area uniformly to assure proper coverage.

### CLEANUP

Clean tools and equipment with clean soapy water

### STORAGE

Store in tightly sealed containers in a cool dry area away from direct sunlight and sources of heat. Shelf life of properly stored material is one year from date of manufacture.

### PRECAUTIONS

Causes serious eye irritation. In case of eye contact, flush immediately with water.

If swallowed rinse mouth immediately and call poison center/ doctor if you feel unwell.

Can cause mild skin irritation, wash skin with soap and water.

Product Data		
Form: Liquid	Odor: Mild	Color: Red
Solubility in Water: Complete		
Typical pH: 10		
Specific Gravity/ Density : 1.02 / 8.5		
Melting / Freezing Point: ~ 20°F		

### Packaging and Part Number

4 x 1 gal case	F3.0130
5 gal (207.9L) pail	F3.0131
55 gal (207.9L) drums	F3.0125
