

# Ferrnsol™ Wire Cleaner

## P R O D U C T      D A T A

### DESCRIPTION

**Ferrnsol Wire Cleaner** is a concentrated cleaner and degreaser for use after or during the final steps of the wire drawing process. It is made from biodegradable surfactants that will easily remove the residual film of lubricant on the wire surface. Can be used on both ferrous and non-ferrous metals.

### USES

- Degreasing and lubricating wire during the wire drawing process
- Effectively reduces drag and friction on all moving parts
- Excellent choice for use in automatic parts washer equipment

### ADVANTAGES

- Water-based cleaner
- Compatible with both soft and hard water
- Environmentally friendly
- Phosphate-free
- Biodegradable
- Non-toxic
- Excellent lubrication
- Solvent-free

#### Product Data

Form: Liquid	Odor: Mild	Color: White
Solubility in Water: Complete		
Specific Gravity/ Density : 1.03 / 8.6		
Melting / Freezing Point: ~ 30°F		

### DIRECTIONS

#### As a wire cleaner:

Dilute **Ferrnsol Wire Cleaner** 5:1 with water in wash basin. Apply to wire and rinse with clean water.

### CLEANUP

Clean tools and equipment with clean water.

### STORAGE

Store in tightly sealed containers in a cool dry area away from direct sunlight and sources of heat. Shelf life of properly stored material is one year from date of manufacture.

### PRECAUTIONS

In case of eye contact rinse with water.

If swallowed rinse mouth with water and drink glass of water.

#### Packaging and Part Number

55 gal (207.9L) drums
